A Gentle Birt.

In our style of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected coide, half the deaths resulting directly from this cause. A bottle of Bosebee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doces. For curing Consumption, Hemorrhages, Pneumonia, Never Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free from Speed's Drug Store. Regular size, 78 cts. Get Green's Special Almanac.

## GENERAL NEWS NOTES.

Things That We All Should Know Cathered From Our Exchanges. Hon. W. H. Perry, of Greenwood, died at home last Monday evening.

There is a movement on foot to organize a new county from the upper portions of Spar-lanburg and Greenville countries. "Pavement earth" is a new substance dis-covered in Camden. It will pack, after being rained on, almost as hard as rock. The earth is said to be the finest in the world for street

ton on the charge of murdering three persons, but she confesses to murdering thirty-one. She had been committed to an insane asylum.

The Sunday School Convention which meets in Denver will have representatives from every State in the Union, and from Can-ada, Mexico and England. A plan is on foot, started by some of the great packing establishments in Chicago, to settle several thousand acres of land in Fior-ida and Alabama and make it the centre of

the cattle raising industry in America. Major Micab Jenkins has been appointed Collector of Internal Revenue in place of Koester, whose nomination was not con-draned by the senate.

After all, Harris has been appointed post-Kershaw will soon have an electric light and water plant.

Stephen Jackson, an inoffensive colored man of Darlington, was shot and killed by A. McNinch, a white man. McNinch was under the influence of ilquor.

Chicago was visited last Sunday by a most lassification fire. Several large establishments were destroyed but were fully covered by naurance.

The first or long session of the 57th congress ended last Wednesday. The second session is necessarily short, from December to the 4th of March.

After August 1st, the Atlantic Coast Line will not employ lady stenographers. Tuey claim that the work is too hard for them and they often give way under the strain. Hub Evans of Newberry, a member of the dispensary board, and J. K. Bisekburn, editor of the Greenville News, had a personal encounter last Monday in Greenville.

9,000 freight handlers struck in Chicago last Monday. It is feared that the strike will be the most serious which has affected their in-terest in years. Five hundred and fifty employes of the Southean Pacific shops at Houston, Texas, walked out on Monday, when the company retused to grant them an increase in their

The statement is published that American citizens holding passports are barred by itussia from entering their lerritory because of their religion. The president has been requested by the senate to furnish information on the subject.

The consolidation of the Asheville and spartanburg, the Carolina Midiand and the south Carolina and Georgia railroad has been consumated. The new company is known as the Southern Railway, Carolina Division, and the capital stock is 7,78,700. The company assumes the indebtedness of the various lines which amounts to over eleven millions. Col. A. B. Andrews is president.

The other day, near Greenwood, Prince McClintock, a negro boy, and May Edwards, a negro woman, were returning from church, when the woman started to run aaying she wished to catch up with some one in front of them. The boy cummanded her to halt and apon her refusal, pulled out his pistol and shot her, fatally it is said. The boy fled.

shot her, fatally it is said. The boy fied.

Solomon Brilles, a prominent merchant of Georgetown, who mysteriously disappeared the latter part of April, has been heard from, it seems that under the atress of business troubles he wandered off, boarded a train and lauded in a western city, where he fell from a street car and for a number of weeks was in hospital. Upon his recovery and discharge from the hospital, he put himself in communication with his wife and he is now being cared for by her and is recovering.

Miss Lorena Leard is back from a visit to her son, Mr. John Leard in Augusta.
Dr. S. L. Morris of Atlanta is being watched with interest, as he is accused of being the "main spring" towards the removal of Rev. T. W. Sloan. He is a tower of strength when it comes to mental ability. The Old School Presbyterian will be fortunate to have the eminent divine, and as the worthy editor of the Press and Banner puts it, there are so many non church goers in Abbeville, it is discouraging to as good a preacher as Mr. Sloan to be there. And there, too, the Praims and hymns are so much better mixed. We do not think it well to proselyte, but it is well we are not where he is, as we might step aside.

MR. MURCHISON, candidate for the Legislature, desires us to state that he is opposed to Legislative action prohibiting children from working in cotton mills. He thinks the Legislature has no more right to say that a child shall not work in a mill than it has to say that children should not work on a farm. In this opinion we fully agree.

The writer has been kindly furnished with the following communication relative to the Rev. Mr. Gibert : "The Rev. Jean Louis Gibert was born near Alais in Languedoc the 22nd July, 1722. While still young he entered the ministry and exercised the pastoral functions of his office at Saintouge. His zeal and a distinguished reputation drew upon him the resentment of government. To avoid the severe laws in force against Huguenots he expatriated himself, and took refuge in America. He came to South Carolina in 1754, with a colony of 212 persons, who followed him to escape the tyranny of their own government. He died in August, 1773, leaving a widow and three small children, one son and two daughters. The son died unmarried. Of the daughters one married Mr. William Pettigrew. The children of this marriage are the only descendants of the Rev. Mr. Gibert. The other married Mr. Thomas Finley and died, leaving an infant son, John Louis. He grew up a young man of great promise, but died early while a student in the South Carolina College, Columbia. The Rev. Mr. Gibert was joined in this country by his nephew. Mr. Pierre Gibert, who, after his uncle's death, kept open the small church in which he had officiated, reading the sermons every Sunday. In personal appearance, the Rev. Mr. Gibert was of middle stature— black hair—and gray eyes, with a strong cast of countenance. This is the description of one, who, in his youth remembered seeing

him.
"The Rev. Etienne Gibert, of England, whose sermons were published, was brother to the Rev. Jean Louis Gibert."
